SUMMARY

Motivated Computer Science graduate with hands-on experience in full-stack development, specializing in **Angular and Firebase**. Strong problem-solving skills and a passion for creating user-friendly, scalable applications. Eager to contribute to a dynamic team as a **Full-Stack Developer**, leveraging technical skills and a commitment to continuous improvement.

SKILLS

Frontend:

Angular, TypeScript, HTML, CSS, JavaScript,

Backend:

Spring Boot, Node.js, Java

Databases

Firebase, MySQL, MongoDB

EDUCATION

B.Tech

[Sharad Institute of Technology, College of engineering, Yadrav](#)

📅 06/2020 - 06/2024

📍 Ichalkaranji, India

HSC

[Devchand College, Arjunnagar](#)

📅 06/2019 - 02/2020 📍 Nipani, India

SSC

[New English School Sadashivnagar, Hamidwada](#)

📅 06/2017 - 03/2018

📍 Hamidwada, India

LANGUAGES

English

Hindi

Marathi

EXPERIENCE

Software Developer

[Scalar Techhub](#)

📅 12/2024 - Present 📍 Pune, India

- Developed and deployed **3+** scalable web applications using Angular, Firebase, Node.js and MongoDB, improving user engagement by **20%** through responsive design and optimized performance
- Reduced backend API response time by **15%** by implementing efficient database queries and caching mechanisms.
- Integrated **user authentication and authorization** features, enhancing application security and reducing unauthorized access incidents by **30%**.

PROJECTS

1. Organizational Employee Management Platform

🔗 <https://github.com/Harshwardhan-Rajapure/Spring-Boot-Project1>

- Built a **full-stack web application** using **Angular (frontend)**, **Spring Boot (backend)**, and **MySQL (database)** to streamline employee data management for organizations.
- Designed and implemented a **dynamic, responsive UI** with Angular, reducing data retrieval time by **30%** and improving user experience.
- Achieved **95% data accuracy** by implementing robust validation

2. ShopEase: E-Commerce Platform

🔗 <https://github.com/Harshwardhan-Rajapure/ShopEase-ApnaBazaar-Project>

- Designed a **responsive and user-friendly interface** with Angular, improving user engagement by **25%** through intuitive navigation and product categorization.
- Optimized database queries, reducing page load time by **20%** and improving overall website performance.

INTERNSHIPS/TRAININGS

Java Full Stack Development

[The Kiran Academy](#)

📅 07/2024 - 12/2024

- Completed comprehensive training in **Java, Spring Boot, Angular, and MySQL** for full-stack development.
- Gained hands-on experience in building **end-to-end web applications**, including frontend design, backend development, and database integration.
- Enhanced problem-solving abilities and learned best practices for **scalable and efficient software development**.

Trainee

[Zensar Technologies](#)

📅 10/2022 - 12/2022

- Completed training in **MySQL database management**, including designing, querying, and optimizing databases.
- Developed foundational skills in **data-driven application development** as part of the Zensar ESD Program.
